

NCR PAPER* BRAND

DIGITAL SQ CARBONLESS ROLLS

Affordability, Runnability, Usability

NCR PAPER Brand Digital Sheet Quality (SQ) Carbonless Rolls from Appleton are your solution to offering products that keep pace with rapidly shifting industry trends without having to invest in new equipment. You can easily produce printed, collated carbonless sheets that run on digital printers and copiers!*

Why SHOULD YOU choose to use Digital SQ CARBONLESS ROLLS?

- They're a **cost-effective** way to keep pace with your customers' needs in a changing marketplace.
- There's **no upfront investment**—you can run Digital SQ Carbonless Rolls on your current equipment.
- Clean-up **costs won't increase** because Digital SQ Carbonless Rolls run the same as regular carbonless rolls.

How does using Digital SQ CARBONLESS Rolls support or improve YOUR business?

- **Remain your customers' source** for multi-part forms as they transition from impact to digital printing.
- **Retain business** otherwise potentially lost to laser-printed bond singles.
- **Provide innovative, affordable product choices** that allow your customers to remain competitive and keep costs down.

Why SHOULD YOUR customers choose to use FORMS PRODUCED WITH APPLETON'S Digital SQ CARBONLESS Rolls?

- Clean and smooth-running on digital printers and copiers for **jam-free and contamination-free forms use**.
- Edge padding provides the option to **create individual glued form sets** for specific information needs.
- **More affordable multi-part forms** option to meet their digital printing needs.

Contact your Appvion representative today for information, samples and a review of how NCR PAPER* Brand Digital SQ Carbonless Rolls can help you retain multi-part forms business.

Guaranteed Performance

Printers and forms manufacturers have a lot to say about the jam-free, contamination-free performance of Digital SQ Carbonless Rolls:

"...the SQ rolls ran cleaner on the press"

– Pressman, Ohio

"There were absolutely no issues with the Digital SQ Carbonless..."

– Roll Printer, Pennsylvania

"We fan-apart glued some of the forms run on SQ. They fanned perfectly. The bond was good."

– Forms Manufacturer, Oregon

"The SQ product ran well on the Xerox Docutech.™ Printability and runnability were good."

– Digital Printer, Wisconsin

We're so confident in the performance of NCR PAPER* Brand Digital SQ Carbonless rolls that we offer a guarantee that also speaks volumes: unconditional 100% satisfaction. There's nothing to risk and so much to gain!
