

Appvion's

DocuCheck Basic[®] Security Sheets

Appvion is the leading manufacturer and provider of carbonless, thermal, and security papers, and also provides colored papers, inkjet papers, watermarks, custom dandy rolls, fluorescents, digital specialty substrates, and coating & contract manufacturing.

DocuCheck Basic[®] Sheets (basis weights from 24 lb. (90 gsm) & 28 lb. bond (105 gsm))

- A high-performance paper that provides affordable security and fraud resistance to any valuable document
- Ideal for any business that needs to protect the integrity of their documents (i.e. financial and educational institutions, healthcare organizations and governmental agencies etc.)
- An exceptionally secure document is created by combining the "in-paper" features of DocuCheck Basic[®] Security Sheets with the "on-paper" printer-applied features (shown below)
- Guaranteed to run on offset and digital imaging equipment including copiers and laser printers
- 100% satisfaction guarantee
- Custom sizes available
- Stock item: 24 lb. DocuCheck Basic[®] MOCR with TonerFuse[®] II, 8 ½ x 11 (part# 1936)

In-Paper Features:

- UV Dull: image and feature compatible
- MICR and MOCR compatible
- Invisible fluorescent fibers – prevent documents from being photocopied or scanned
- Distinct indicator stains that will appear when chemically altered
- Toner adhesion (TonerFuse[®] II) – securely bonds toner to paper making it nearly impossible to remove toner without causing visible damage to the document
- Exceeds the ANSI Paper Specification for checks and the Canadian Payment Association Standards

Examples of On-Paper Printed Features:

- Microprinting
- Void Pantograph (shows when copied)
- Decorative Border
- Padlock Icon
